THE AMERICAN PHOTO-LITHOGRAPHIC CO.,

Established 1866.

OFFICE (EVENING POST BUILDING), 206 & 208 BROADWAY, N. Y.

ARE PREPARED TO COPY

LINE ENGRAVINGS,	WOOD ENGRAVINGS,	PRINTED LETTER-PRESS,
LITHOGRAPHS,	MUSIC,	MAPS, Drawn or Engraved,
ARTISTIC PEN DRAWING,	ARCHITECTURAL PLANS,	MECHANICAL DRAWINGS,
MANUSCRIPT LETTERS,	DOCUMENTS,	ENGINEER'S PLANS,

AND EVERY VARIETY OF LINE WORK BY

OSBORNE'S PROCESS OF PHOTO-LITHOGRAPHY,

IN THE HIGHEST STYLE OF THE ART.

Copies may be had in fac-simile and of any size, whether enlarged, reduced, or of full scale, with absolute accuracy and economy, the transfers being made by Photography instead of the hand of an artist.

Drawings should be done IN LINE, with Black (Indian) Ink, on smooth white paper. The process is not adapted to ordinary photographs, possessing half-tones or tints and views direct from nature, nor drawings shaded in ink or water colors. These are first traced or drawn by our artists in lines. The advantages of this process commercially and artistically are very many, and its products excite general admiration.

We call particular attention to our

PHOTO-RELIEF PLATES

for Letter-press printing. A superior substitute for woodcuts, at much lower rates.

Originals should be forwarded rolled (not folded), when possible.

We also invite attention to the following copies of Line Engravings, which are scarcely distinguishable from the originals, though at one-twentieth the cost.

Size, 24x30, 75 cents each; 22x28, 50 cents; 19x24, 40 cents; 14x21 or 11x14, 25 cents each:

JOSEPH STORY,

S. A. WILBUR.

Messrs. S. & W. have the entire product of my quarries, for twenty-five years known as "Brownville" or "Bangor Maine Slate;" the standard Slate of New England; awarded a Silver Medal by the Mass. Charitable Mechanic Association; and the "Centennial Medal," the Highest Awards to Roofing Slate. As my quarries are the only ones making this peculiar quality, architects, builders and others, by specifying "Merrill's No. 1, Brownville Me. Slate," may protect themselves against inferior kinds.

Conservatory of Music.

THE Conservatory of Music is now so established a fact in France, Germany, Belgium, England, and America, that scarcely any definition of its scope is requisite. It is to music what a college of liberal arts or the university are to education in general, and among certain European nations it is formally recognized by the government with the same liberality that is accorded to other institutions of learning. The great tone-masters, Mendelssohn, David, Joachim, and others that might be named, have earnestly labored to give to musical education the benefit of the advantages of a class system of instruction; for by this plan they secured to the scholar of average means the services of better teachers and more thorough training than they could otherwise afford, and the general student, instead of pursuing his study amid the solitude and disheartening atmosphere of his own room, was brought in contact with congenial minds, and kept abreast with all the musical influences, literature, and progress of his day. The very atmosphere of a college is favorable to learning. The crowd of students bent on one pursuit; the eminent teachers; the class rooms; the costly and curious apparatus; the library and daily drill,—all conspire to make study interesting. The Conservatory groups all these advantages around musical instruction. The system that is so beneficial to the study of mathematics, and the higher branches of learning, has been found equally serviceable in attaining a high musical education.

TWENTY-FIVE YEARS have now elapsed since the Director inaugurated the Conservatory system of musical instruction in New England. Beginning in a comparatively small way, as a School of Music, it soon developed into a Musical Institute, and in the year 1867 expanded into a full-grown and well-appointed Conservatory, on the same basis and offering the same advantages as those which have existed in Europe under the patronage of the government, or have been founded by the great composers. The Director's critical personal examination of the most celebrated Music Schools in Europe, and his long experience in conducting the above institution, enable him to employ the most valuable methods, his sole aim being to broaden the area of musical culture in this country, by furnishing the instruction of the best masters, with the greatest number of collateral advantages, at the lowest possible cost to pupils.

The Director remembers with pardonable pride that more than 25,000 pupils have availed themselves of its advantages, many of whom are now prominent members of the musical profession; and the New England Conservatory is now known as the largest Musical School in the world.

DR. HOLMAN'S PAD,

Which Cures by Absorption and without "Medicine."

Dr. Holman's Pad is the **original and only genuine curative Pad**—the only remedy that has an honestly acquired right to use the title word **Pad**, in connection with a treatment for Chronic Diseases of the Stomach, Liver and Spleen.

Holman's Pads have cured and are daily curing diseases of so many kinds that the list is well nigh interminable. It includes **MALARIAL POISON** of every type: **STOMACH DISEASES**, such as **Dyspepsia, Sour Stomach, Chronic Diarrhoea, Etc.**, **LIVER DISORDERS**, like **Biliousness, recurrent Sick Headache**, and every chronic form of disturbance in that great organ: **FEMALE COMPLAINTS** of the most distressing type: **KIDNEY and URINARY DISEASES** in many forms—and almost all kinds of **impairment of the Vital Organs**, as well as a host of disorders arising from **Debility and Wasting of the Forces of Nature**.

Well does this mighty remedy justify the eminent Professor Loomis' high encomium: "**It is nearer a Universal Panacea than anything in Medicine.**"

Holman's Pads have been and are being counterfeited and imitated extensively in many quarters. We do all we can to protect our patients against this kind of imposition. We have issued warnings, have secured a **private revenue stamp**, have published Dr. Holman's picture, and his and our own signatures, as measures of protection; but all these precautions will fail if the friends of Holman's Pads will not **take some trouble to protect themselves by being on their guard**.

HOLMAN LIVER PAD CO. : *Gentlemen*,—Last spring I used one of Holman's Liver Pads, and finding relief from it, I sent to Chicago for one dozen, which I have disposed of to my friends. I am a minister, in my seventy-second year, and am known extensively through New York, New England and the Canadas.

Truly yours,

NEW BEDFORD, MASS.

M. BATCHELOR,

BOSTON, MASS., April 24, 1877.

HOLMAN LIVER PAD CO. :—*Gentlemen*,—I have worn one of your Liver Pads a short time, for Chronic dyspepsia and typhoid fever, and I have received most direct and positive benefit from it.

Respectfully,

A. H. COLBURN, *News Depot, Eastern R. R.*

Should you fail to find any of our remedies upon inquiry at your usual place of supply, ask the dealer to get them for you, or enclose the price to us direct and we will **mail** (any except **Absorption Salt**, which has to go by Express), to you post-paid.

Dr. G. W. HOLMAN, originator of the Holman Absorption theory of cure, is the regular Consulting Physician of our office. Patients requiring special treatment will please address us, with full statement of the case to be treated. If necessary, appropriate special *formulae* will be used in preparing Pads for such cases, under Dr. Holman's immediate direction.
