DIRECTOR’S REPORT—part of board packet:

Director Guest reported the Mardi Gross/Comic Fest program held at the Library on October 29 was a huge success. Over 600 people attended and many new card registrations were issued. Feedback has been positive. It was noted that comic books are good to offer to struggling readers. The graphic component helps and they are “cooler” that reading picture books.

Students from the Taft School girls cross country team spent time re-shelving and rearranging books as part of their annual Community Service Day. The possibility of using student volunteers to complete simple projects in the future was discussed as a beneficial option. Director Guest noted that as long as volunteers performed page level duties, there were no union conflicts.

Director Guest commented that October statistics were pretty standard with the number of Facebook followers edging upwards.

Since bottles of hand soap were being stolen from the public bathrooms with regular frequency, wall mounted soap dispensers have been installed.

The Saturday work hours for maintainers was modified slightly to allow a better flow at closing time. It was noted that one of the maintainers would be retiring on December. An exception to the City’s hiring freeze has been requested to avoid paying OT on a regular basis to cover the hours of operation.

Fortunately, the cost for the Library’s internet service is not as high as originally anticipated.

There was a brief discussion concerning into which account donations to the Library should be recorded.

After a review of Library accounts, Director Guest commented that a previous recommendation that Bronson Fund monies currently invested with Wells Fargo be moved to the CT Community Fund was still on the table. A committee to explore options and make a recommendation should be formed and begin work.
